

## Product Owner (SCRUM)

Facilisgroup are building SaaS solutions for the Promotional Products industry. The ideal candidate will join a newly formed cross-functional team working on an e-commerce stores product. Product strategy, infrastructure, user experience, and code – your team will own it all. The features you build will be used by thousands of corporate buyers and consumers around the world in pursuit of the best promotional products available on the market.

As SCRUM Product Owner you will be responsible for conducting research, managing team backlog, documenting requirements, providing product vision to developers, managing development sprints, and driving sprint goals. You will work closely with user experience designers, Product Management, and developers to ensure that work being delivered meets UAC, is on schedule, and satisfies sprint goals. This position is partly technical in approach.

This position reports to the Product Manager.

### You are a good fit if you:

- Have some successful experience in the role of Product Owner
- Have some experience in e-commerce software products
- Are a natural problem solver with a drive for continual self-development

### Responsibilities

- Provide vision and direction to the SCRUM development team and stakeholders
- Manage the product backlog for your team and provide elaboration on user stories
- Define sprint stories, goals, and priorities, and establish user acceptance criteria
- Determine team velocity and forecast future sprints and deliverability
- Collaborate with other product owners, the product manager, user experience designers, and customers to understand user's needs, desires, and pain points
- Work closely with Product Management to create and maintain a product backlog according to business value and ROI
- Become an SME in the product and contribute to its vision
- Mitigate impediments impacting developers to ensure successful completion of sprints
- Stay current with SCRUM best practices and emerging trends
- Act as a product champion within the company
- Develop and when necessary deliver concise and meaningful presentations or demos for internal and external audiences, including training of sales and support staff, trade shows and/or customer events

### Qualifications & Skills

- Bachelors' degree or equivalent work experience
- Minimum of 3 years' experience as a Product Owner
- Strong working knowledge of SCRUM
- Some knowledge of web development platforms, databases, and infrastructure
- Exemplary people and communication skills
- Ability to influence cross-functional teams without formal authority
- Team player attitude
- Solutions oriented
- Ability to multi-task, work independently, and close attention to detail

### **Equal Opportunity Employer**

Facilisgroup is committed to treating everyone with dignity and respect. All applicants will be considered for employment without attention to race, color, religion, sex, sexual orientation, gender identity, national origin, veteran or disability status.

We would like to thank all applicants for their interest, however only candidates under consideration will be contacted.
