Winnings & Reports

- Earned dollars will be calculated for all eligible Sales Reps and combined into one (1) check that will be issued from Facilisgroup to the company of each participating Facilisgroup Distributor Partner. A company report will accompany the check that includes a summary detail of how much each Sales Rep earned. Note, any negative CPO's not properly flagged will deduct from this total payout.
- Distributor Partners will run the earnings for each Sales Rep through pay roll as a bonus and issue no later than September 16, 2020 for session 1 and March 19, 2021 for session 2.
- At the discretion of the Owner, funds may be redistributed to account for team selling or sales assistants. This must be communicated internally. All funds however, must be distributed to employees at your company. Dashboards in @ease and final reports sent with the company check will not reflect the redistribution model should you decide to do this.
- Each Distributor Partner has the option to opt out of the incentive. Please note, you cannot choose to opt out from just one of the participating suppliers.
- Supplier exceptions or arrangements by partner are not permissible and is subject to forfeiting the opportunity to participate in the Stash the Cash incentive.
